We provide support for all music programs, including all bands, color guard, indoor percussion ensemble and choir. Music Boosters assist in fundraising efforts to purchase essential resources that provide students with performance opportunities, helping to ensure that these programs receive the recognition and funding they require to be successful.

The people at Ernst really know concrete. After all, we have been mixing and delivering concrete since 1946 when Pete Ernst started a gravel and ready mix concrete business in Houston, Ohio.

Today, Ernst Concrete is a fourth-generation, family-owned business and you can still count on the same good old-fashioned personal service from the experienced staff at Ernst.
